A Legislative Note:

The bills that WAM will be tracking will be listed on the WAM website at <https://wyomuni.org/>. At the top of the page click on Advocacy to view current bills.

There may be times when something is happening and you will receive a “call to action” email when WAM would need your help in contacting your legislators. Please watch for those and make sure your mayor and council members are receiving the information. This session is a budget session. WAM is going to be there supporting funding for cities and towns. Please reach out to your mayors and council members to make sure they are receiving the information they need.
